Result Notification

The final decision regarding the scholarship will be sent on the day of the final admission result announcement.

How it Works

- The scholarship amount will be deducted from the enrollment fee and tuition fees. If tuition is paid in installments, the scholarship will be deducted proportionally.
- Should the applicant have previously received a scholarship as a Pre-MBA student before MBA enrollment, the scholarship amount will be adjusted accordingly.

Loss of eligibility, leave of absence, withdrawal, expulsion

- Should the University deem it to be difficult for the student to continue with the MBA studies over a long-term period due to a leave of absence or other reasons, it will suspend the scholarship.
- Should the student withdraw from the program, or the University deems the recipient to act inappropriately, it will terminate the scholarship.
- Should the student leave the team determined in the above eligibility criteria, he or she will become ineligible to receive the scholarship. However, should the athlete leave the team for reasons related to retirement or team matters, there are cases where the student can continue to be eligible to receive the scholarship.
