

Pro Athlete Career Support MBA Scholarship

Graduate School of Management, GLOBIS University

We provide a special scholarship for professional athletes to aid them in developing a new career after retirement.

Scholarship Outline

Criteria for eligibility

Applicants need to fulfill the following 2 requirements.

- 1) Enroll in the Part-time & Online MBA program offered by GLOBIS University
- 2) The University recognizes that the applicant relies on the following income sources to earn a living. **Note:** This does not include coaches or managers who guide athletes in any form.
 - Remuneration primarily comes from athletic contracts with specific companies or organizations, as well as sponsor contracts or contracts of a similar nature (e.g., contracts for promotion appearances, advisory roles etc.)
 - Prize money coming from competitions the athlete competed in

Notes:

- The sports specified above refer to physical athletic competitions (including martial arts and public competitions) which adhere to certain rules regardless whether performed individually or as a group.
- Applicants who are eligible to receive the Specialized Practice Education and Training Benefits at the point of MBA enrollment are not eligible
- Students re-entering the MBA program are not eligible to apply.

Scholarship Amount

- 30% of the MBA enrollment fee
- 30% of the MBA tuition fees
- 30% of MBA extension fee

How to Apply

Contact the Admissions Office at mba-admission@globis.ac.jp should you wish to apply for this scholarship and further instructions on how to apply will be provided.

Pro Athlete Career Support MBA Scholarship

Graduate School of Management, GLOBIS University

Selection Process

We will determine the scholarship recipients after reviewing application documents submitted at the time of application (e.g., contracts, websites, brochures, and other proof confirming the applicant is a professional athlete), and a statement of income. An additional check of the necessary requirements is conducted at the time of admission to the program.

Result Notification

The final decision regarding the scholarship will be sent on the day of the final admission result announcement.

How it works

- The scholarship amount will be deducted from the enrollment fee and tuition fees. If tuition is paid in installments, the scholarship will be deducted proportionally.
- Should the applicant have previously received a scholarship as a Pre-MBA student before MBA enrollment, the scholarship amount will be adjusted accordingly.

Loss of eligibility, leave of absence, withdrawal, expulsion

- Withdrawal from the MBA or expulsion results in loss of eligibility to receive the scholarship.
- If tuition payments are postponed as a result of an approved leave of absence, the scholarship will cease to be applied for that duration. Upon return to the program, the scholarship will be once again applied to the tuition amount to be paid.
- Should, for any other reasons, the University deem it to be difficult for the student to continue with the MBA studies over a long-term period, it will suspend the scholarship.
- Should the student withdraw from the program, or the University deems the recipient to act inappropriately, it will terminate the scholarship.
